

Tennessee Department of Tourist Development 2005-2006 Media Plan

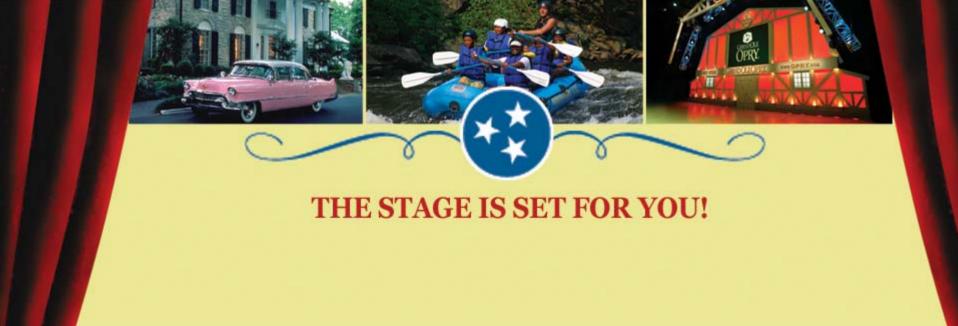

July-August 2005

TDTD Announces 2005-06 Marketing Plan

The TDTD will use a \$4.5 million one-time appropriation by the Tennessee General Assembly for a "power launch" of the state's branding campaign, *Tennessee - The Stage Is Set for You!* The campaign features Tennessee natives Dolly Parton and Isaac Hayes in television, radio and print advertisements.

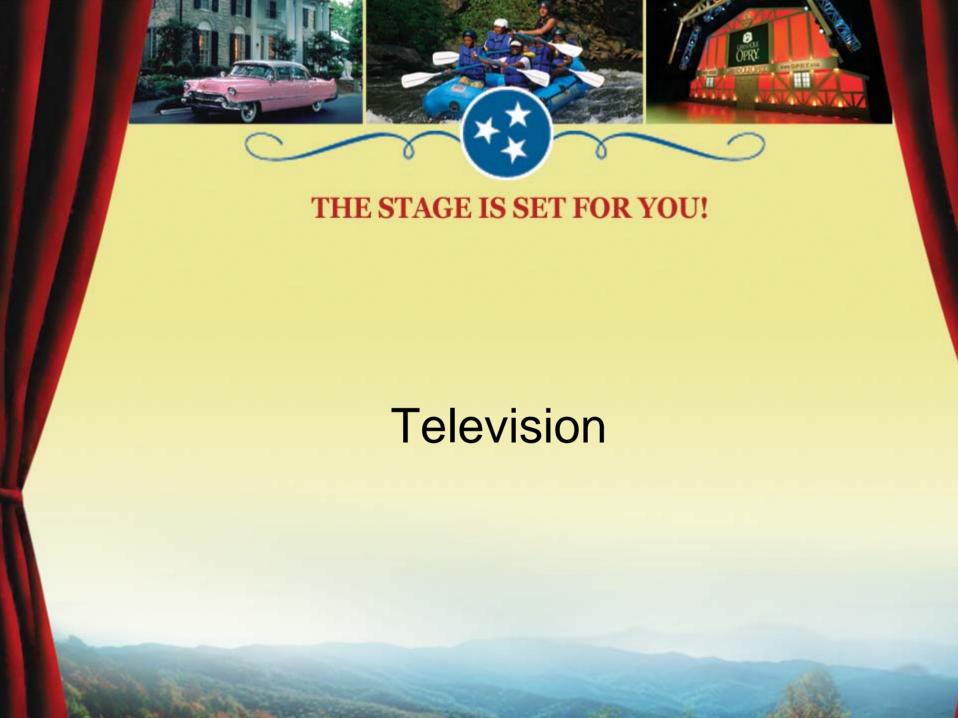

- The branding campaign was launched April 2004 and test marketed in nine key markets - Atlanta, Little Rock, St. Louis, Birmingham, Greenville-Spartanburg-Asheville, Louisville, Lexington, Huntsville, and Cincinnati. The test initiative generated impressive results. The inquiries in the test markets doubled or increased by 2.5 after the television spots ran. In fact, inquiries from the Atlanta market tripled.
- A "power launch" for 2005-06 means expanding the key driver markets from nine to fourteen and putting in place larger, more frequent buys to generate the results to keep the industry expanding.
- And, Tennessee tourism is growing.
- The state had more than 43.64 million U.S. domestic visitors in 2004, an increase of some 890,000 over 2003. In fact, this increase moved the state from the 12th to the 11th most visited state by U.S. residents.
